

RIPSTOP PRESENTATION

Harvian (Pty) Ltd is an automotive interior specialist situated in Industria North, Roodepoort.

We offer customized vehicle interior protection by fitting Ripstop to your seats. This is not removable and is fitted on the seat itself that gives it a natural look.

We also offer embroidery of any logo at no additional cost.

Our staff are highly trained and come with years of experience in the automotive interior industry.

THE PROCESS:

Manufacturing with fitment takes one day and we can do 5 fitments a day.

The cloth covers are removed and the seats are recovered with ripstop.

All our interiors are custom made for every vehicle and according to the customers needs and specifications.

PRODUCT:

Ripstop: Ripstop fabrics are woven fabrics, often made of nylon, using reinforced technique that makes them more resistant to tearing or ripping. During weaving, stronger reinforcement yarns are interwoven at regular intervals in a crosshatch pattern. The intervals are typically 5 to 8 millimetres.

Clients always ask for seat covers. This is an expensive option and looks loose and slips on the existing covers and still damages the original seat covers. We offer a solution where we custom fit ripstop to the seats as per factory fitments and can be custom made to the clients specific needs e.g. colour fabric and colour stitch. We can also add embroidery at a small extra cost.

Benefits of ripstop: Ripstop is waterproof, tear-resistant and fire resistant. It is extremely durable and long lasting.

We offer a collect and deliver service to all clients with insurance policy in place to avoid risk to the client.

We strive for the highest of quality workmanship and service and treat every fitment as if it was our own vehicle with extensive quality control.

WARRANTY: All Harvian's aftermarket fitments carry a 24 month warranty against all and manufacturing defects.

WARRANTY EXCLUSIONS

- Misuse, neglect, abuse or accidental damage such as:
- Rips, gashes and tears
- Harsh chemicals or cleaner
